# Hamdala Tamirat

Full Stack Developer

Addis Ababa, Addis Ababa, Ethiopia

## Summary

I offer multi-faceted experience and education as a Full Stack Development Professional with a keen focus on project management, complex problem solving, process implementation, and collaboration skills with strong and talented teams. I successfully utilize my analytical skills, quick learning, and critical thinking to ensure proper guidelines and streamlining of operations. My keen attention to detail, solid work ethic, and passion for the Full Stack Development sector assists my overall skill set with regard to the nuances of the field.
